Local Furniture Factories Are Sold; M. C. Jones Retires From Industry He Served For 46 Years

Acquisition of the factories of the local furniture companies by a syndicate with extensive manufacturing interests throughout the country, and his own retirement from the furniture business after 33 years continuous management of the local plants, was announced today by M. C. Jones, general manager of the local companies.

The transaction, closed this morning, includes all manufacturing assets of the Reaser Furniture company, the Gettysburg Furniture company, the Gettysburg Panel company, the Gettysburg Chair company, all of Gettysburg, and the Hanover Cabinet company, Hanover. The Stouck-Reaser Lumber company, Gettysburg, is not included in the sale and will continue to operate under its present ownership and management.

The purchasers are Sidney G. Rose, Cincinnati, Ohio, and his associates, one of whom, S. Richard Lemberg, Jamestown, New York, general manager of the Empire Case Goods company, in that city, will be general manager of the newly acquired companies here.

To Continue Policies

The new owners will continue the policies and the line of furniture manufactured by the local companies and, it is understood, plan a large expansion program in the near future.

The local furniture plants, which for several decades have been Adams county's largest manufacturing interest, began in 1907 when the late Clayton S. Reaser, York, acquired the small furniture plant known as the Engle Furniture company. The Engle factory, at that time, employed approximately twelve men and was the successor to the Warner Furniture company, which was the original furniture manufacturing plant in Gettysburg.

Organize Second Company
After its acquisition by Mr. Reaser, the little company was renamed the Reaser Furniture company.

In 1912, C. S. Reaser organized the second furniture company and named it the Gettysburg Furniture company. One of the original officers and directors of this company, Arthur H. Reaser, York, served continuously as an officer and director. The late Judge E. P. Miller, Gettysburg, was an original officer and director and served as such until his recent death.

For many years the late John D. Keith was an officer and director of the companies and served as their general counsel.

The Hanover Cabinet company, Hanover, was organized in 1911 by C. S. Reaser and M. C. Jones and was operated under the management of Mr. Jones. Upon Mr. Reaser's death in 1918, Mr. Jones assumed the management of the two local companies in addition to the Hanover plant.

The next enlargement of the factory group took place in 1920 when the Gettysburg Panel company was organized and a factory was built for the manufacture of plywood panels used in the manufacture of furniture by the three companies. At the same time, the Reaser and Gettysburg plants were greatly enlarged by the addition of new buildings.

Form Chair Company

The Gettysburg Chair company was organized in 1923 for the handling of chairs required in conjunction with the bedroom and dining room furniture produced by the local factories.

From their humble beginning in 1907, in the course of their 44-year

111 Men And Women Employees Of Local Furniture Factories Have Combined Service Of 3,268 Years

With the announcement today of the sale of the local furniture factories and the Hanover Cabinet company, all under the management of M. C. Jones, veteran local factory employees today were recalling with mixed emotions their longevity of service with the local concerns.

Their reminiscences reflect the long affiliation of scores of furniture workers, several of whom are approaching a half century of service with the local plants.

It is interesting to note that the combined years of service of 111 employees, including seven women, all of whom have been affiliated with Mr. Jones for 20 or more years, total 3,268 years, or 1,192,820 days, a healthy situation not prevalent in many manufacturing plants.

Veteran Employees

Harold A. Strickhouse holds the record for length of service, 44 years. He is one of 79 employees in the factories who have served 20 years or more. They include the following:

| Years | Service |
|-----------------------|---------|
| Harold A. Strickhouse | 44 |
| Jesse Scott | 43 |
| William J. Murray | 43 |
| George E. Stover | 42 |

history of expansion and improvement in manufacturing techniques, the factories became one of the largest furniture manufacturing groups in the east. The products of the plants are distributed in practically every state in the Union.

Offices and permanent display rooms have for many years been maintained in the New York Furniture Exchange building, New York city, and in the American Furniture Mart, Chicago.

Permanent Local Display

Since 1936, when a new building was constructed adjoining the office building, the local companies have maintained in Gettysburg a permanent display of their manufactured products. A furniture show, held semi-annually as a preview before the important New York and Chicago shows, attracts hundreds of buyers from the eastern section of the country. Many of the largest and best stores of the country are numbered among the customers of the local factories.

In his retirement, Mr. Jones ends a career in the furniture business which started in 1905 when he secured his first job, that of stenographer with the plant now known as the Pennsylvania Furniture company, York.

He left that company in 1908 to join C. S. Reaser in Gettysburg as the bookkeeper and stenographer. Two years later he went to Chicago where he was connected with a wholesale furniture company until 1911 when the Hanover Cabinet company was organized.

Since 1918, Mr. Jones has been an officer and director, as well as general manager, of the several companies. His future attention will be devoted to other business interests with which he is identified.

1ST DEFENDANT FOUND GUILTY IN COURT TRIAL

Harry Edwin Hess, Hyattsville, Md., was found guilty of operating a motor vehicle while his license was suspended by an Adams county jury this morning at the opening of trials in the November term of court.

Hess admitted being in an auto accident near Biglerville on September 9, while his license was suspended in Pennsylvania. However, he argued, he had a valid Maryland driver's license at the time and was operating a Maryland licensed car.

Judge W. C. Sheely, in giving his charge to the jury noted that whether the former Littlestown resident had a Maryland license at the time was immaterial, that the question was whether he was operating in the commonwealth at a time when his license was suspended.

Students In Court

The jury, which included Sidney G. Baker, Gettysburg R. 1; Edward Hall, Orrtanna; Elmer P. Hoffmann, New Oxford R. 2; Mark L. Hooper, Gardners R. 1; Robert L. Mehling, Littlestown; Ray W. Reichart, Littlestown; Oscar C. Rice, Jr., Biglerville; Mrs. Margaret Riggall, Orrtanna; Harry Shovaker, Gettysburg R. 5; Paul Spicer, Gettysburg R. 4, and Charles Weaver, Hanover R. 4, returned with its verdict within seven minutes.

Sixty-two students of the tenth grade of Littlestown high school had a "preview" of what the decision would be when Judge Sheely spoke to them during a recess on the part of the jury. Welcoming the students, (Continued on Page 5)

ADOPT NEW PLAN TO NAME THREE C. C. DIRECTORS

The 87 members of the Gettysburg Chamber of Commerce will themselves nominate candidates for three members of the board of directors to be elected at the annual membership dinner on November 29.

In order to conform to the bylaws, the board of directors will act technically as a nominating committee this year instead of having a special committee appointed. The directors, at Monday evening's monthly meeting of the board, directed Mrs. Helen Snyder, secretary, to prepare ballots containing the names of all the members of the Chamber.

Each member will be asked to mark six names. The six receiving the largest number of votes will then become the nominees for directors. Three of the six will be elected at the annual dinner, for three-year terms.

H. K. Trend To Speak

The membership dinner will be held at the Peace Light Inn at 6:30 o'clock. Principal speaker will be Harry K. Trend, secretary of the Bethlehem Chamber of Commerce and general secretary of the Pennsylvania State Executive Secretary's association.

Directors whose terms expire are Ralph Z. Oyler, Glenn Guise and John D. Teeter. All three have announced that they will not accept re-election.

It was also decided to invite officials of the Hanover, Chambersburg, Waynesboro and Frederick Chambers of Commerce to attend the dinner. Several of the local directors signified their intention of attending an area meeting in Waynesboro on November 19.

A letter was received from the Retail Merchants association requesting a contribution for the (Please Turn to Page 3)

Miss Rae Strohm Wins First Place In Local Football Quiz

Miss Rae Strohm, Emmitsburg road, Gettysburg R. 2, a daughter of Sgt. and Mrs. Raymond Strohm and an employee of the First National bank, won The Gettysburg Times weekly football contest last week.

Miss Strohm picked 13 winners of the 16 games listed in the advertisements of the merchants sponsoring the contest with The Times.

Seven entrants selected 12 right of the 16 games, but Cleason Herring, Main street, Fairfield, was closest to the total score of last week's feature game, Gettysburg high vs. Mechanicsburg high, and won second place in the contest. He picked 20 points as the total score. Gettysburg defeated Mechanicsburg 13-0.

Allen Bouey, Emmitsburg, also had 12 of the 16 right, but picked 24 points as the total score of the feature game. This total, however, was closer to the actual score than the other five entries.

Miss Strohm will receive a merchandise certificate valued at \$15; Mr. Herring a certificate at \$7.50, and Mr. Bouey one for \$2.50. Several contestants were disqualified

EDUCATION WEEK MARKED BY LIONS AT HIGH SCHOOL

"In a democracy, education is an important safeguard," Dr. L. C. Keefeauver, superintendent of the Gettysburg public school system, told members of the Gettysburg Lions club Monday evening at their National Education Week dinner meeting in the new cafeteria at the high school.

"In a democracy we aren't all rulers but we help elect our rulers and that's where an educated, informed electorate becomes important," the local educator said as he climaxed a talk on the development of the local school system in the last 25 years.

Pointing out that the original unit of the present high school was occupied in 1926 with a student body of 370, he observed the thrice-enlarged plant now houses a junior-high school system with 1,000 pupils and 37 school directors in charge of school affairs. In 1926, five Gettysburg directors managed the local school system.

'Tremendous Job Ahead'

With compulsory attendance and transportation laws, high school enrollments rocketed in recent years and "high school education is the most expensive form because of the building facilities and curriculum required," Dr. Keefeauver said. In the last school year, the per capita cost per pupil in the local high school was \$123 per day while in the elementary grades the cost was 73¢, cents. These figures are exclusive of transportation costs.

"What lies ahead is always more important to me than what is past and there's a tremendous job ahead of education. The nation needs 500,000 new classrooms in the next five years. The post-war crop of babies is just beginning to reach the grades and yet our national education bill is only a third of what is spent for liquor, tobacco and amusement."

Dr. Keefeauver paid tribute to the Lions club for its interest in local education. Many directors here in the last 25 years have been Lions, (Continued on Page 5)

BUS PROBLEM IS DISCUSSED

More cooperation between parents, bus drivers, pupils and teachers was urged by members of the executive committee of the Gettysburg joint school system Monday evening as a means of reducing travel difficulties for some of the youngest school children that ride buses to school.

Another suggestion was that bus drivers appoint bus captains to help check absences among the pupils so that bus drivers know when they have all their passengers.

Instances were reported in which beginners missed their bus on the afternoon trip and teachers or Dr. (Please Turn to Page 3)

BOARD DELAYS ACTION ON BUS SIGN PROJECT

With many of the directors expressing themselves in emphatic language as opposing the erection of school bus signs, members of the executive committee of the Gettysburg joint school system voted at their November meeting Monday evening to "hold the matter over for further consideration."

After a brief but spirited discussion on the subject, touched off by a letter from the county superintendent's office concerning the signs, there seemed little prospect that the six townships in the Gettysburg joint school system will do anything in the near future toward erecting the signs.

Such responses as "absolutely no," "useless," "a pain in the neck" and "more dangerous with signs than under the present system" greeted the subject of school bus stop signs.

Vote Unanimous

The directors—with all members of the executive board from Gettysburg, Cumberland, Freedom, Highland, Franklin, Mt. Joy and Straban districts in attendance — seemed agreed that the chief purpose of the bus stop signs is to show pupils where buses are to stop and "the youngsters know that already." The pupils would face greater traffic hazards with the signs, they declared. The signs would have to be changed to new locations each year in many instances, it was pointed out. The cost element also was pointed out. The vote on the motion to delay action was unanimous.

President R. D. Wickerham presided at the two-hour meeting in Dr. L. C. Keefeauver's office.

After a long discussion, plans for surfacing and fencing the lawn in front of Lincoln school as a play area for students at that school were delayed until early spring. The necessity for advertising for bids and the fact that blackout cannot be applied in cold weather brought the decision. Bids for the surfacing work and the new fence will be advertised next February. Prices already secured, which may not hold until next spring, indicate a cost near \$4,000 for the project.

CLUB TO PLANT DOGWOOD TREES IN BIGLERVILLE

John Biesecker, of the Lincoln Way Nursery at Cashtown, and John Donofrio, of Carroll Gardens, Westminster, Md., were guest speakers at the November meeting of the Biglerville Garden club Monday evening at the home of Mrs. W. Clayton Jester, Heidlersburg road. They talked on topics of plantings which could be made at the approaches of Biglerville.

The club, which has the improvement of the appearance of the town as a major project, decided that as soon as possible rows of white dogwood would be started at each approach. Mr. Biesecker was asked to give needed information about requirements.

A report of the civic improvement committee was given by Mrs. Richard C. Walton who stated that last Saturday morning four ginkgo trees (Continued on Page 3)

Victory Parade Postponed Today

Gettysburg high school's victory parade, scheduled for this afternoon, was postponed shortly before 1 p.m. until Wednesday afternoon, when it will be held at 2:15 o'clock, unless inclement weather again interferes. Firemen To Meet Wednesday Evening

The Gettysburg Fire company will have a number of important matters for action at the November meeting, to be held Wednesday night at 7:30 o'clock in the fire engine house.

The new constitution and bylaws, discussed at the October meeting, will be presented for final adoption. It is also the scheduled night for the nomination of officers. Election will be held at the December meeting.

Harold Culp, chairman of the Thanksgiving turkey party to be held Friday evening at the Hotel Gettysburg annex, today requested that all books be returned at the meeting Wednesday night.

SAYS INDUSTRY NEEDS STUDENTS OF ECONOMICS

More and more students are studying economics and political science because the demand for such students in industry is increasing, Dr. Millard Stokes, professor of economics at Gettysburg college, told the local Rotary club in a classification talk at its meeting Monday evening in the YWCA.

"There were 19,000 students in the University of Toronto when he was an undergraduate there, Doctor Stokes said, "but only a handful of us were economics students. Now, with 18,000 students there an entire department is given over to economics. At Gettysburg college practically one-fourth of the student body is studying economics. And there seems to be a demand for such students."

"About 30 businesses inquire each year at Gettysburg college for students of the economics courses. Representatives of U.S. Steel and DuPont were here during the past week to look over the list of students." (Continued on Page 4)

PASTOR STATES ALL WARS CAN BE PREVENTED

"No war has ever simply happened," the Rev. Wallace E. Fisher declared Monday afternoon in an Armistice Day talk at Gettysburg high school. "Every war is a result of wrong decisions and wrong desires all the way down to boys and girls like yourselves."

Rev. Mr. Fisher, pastor of Christ Lutheran church, was the speaker at a program held for the Junior high school students here under auspices of the Albert J. Lentz post of the American Legion. The Lentz post sponsored two observances, one in the morning for the senior high students and the afternoon session for the junior high pupils.

"The fact that no war ever just happened means that all wars can be prevented. And the first step toward prevention is recognition that wars do not have to happen."

20 Dead, 3 Missing In Wreck Of 2 Crack Passenger Trains

Evanston, Wyo., Nov. 13 (AP) — Numbred rescue crews today continued to probe the wreckage of two passenger trains in which 20 or more persons died during a collision in a snowstorm yesterday.

An early morning check of the morgue in this small southwestern Wyoming community showed 14 of the 20 bodies identified. Three persons are listed as missing. Eight remain in serious condition, with scores of others treated for minor hurts and released.

The City of San Francisco, sleek Union Pacific luxury train, roared out of the swirling blizzard and slammed into the rear of the halted City of Los Angeles. The collision sounded to one survivor "like someone screaming."

The impact crumpled portions of the two streamliners. Bodies and parts of bodies were just "lying around."

The City of San Francisco was thundering across the snowswept, rolling desert about three miles west of this small southwestern Wyoming town, 80 miles northeast of Salt Lake City. It plowed its way through a

Reds Propose New Plan To End Shooting On Own Terms

Munsan, Korea, Nov. 13 (AP) — An Allied spokesman said Communist truce negotiators "made it even more clear today" they want to create a buffer zone across Korea to end the shooting now.

The spokesman, Brig. Gen. William P. Nuckolls, said this "repudiates their earlier statement" that fighting would not end until an armistice is signed. The United Nations command wants to create a cease-fire buffer zone only after other terms of an armistice are agreed on.

The Reds outlined their position in a five-hour session at Panmunjom while Allied artillery shells burst on hills less than two miles away. The white phosphorus and high explosive shells bracketed the town.

Plane Flies Over Area

Another U.N. spokesman said the Reds complained an Allied plane violated the Panmunjom neutral area Saturday.

Lt. Col. Norman B. Edwards, Allied liaison officer, said an propeller driven plane flew over the edge of the 1,000 yard security area surrounding the village, but turned away immediately.

By agreement, flights over the area are prohibited except under "weather or technical conditions beyond control."

Edwards said the Communists "were not trying to make this into a major incident."

Truce negotiators scheduled another session for 11 a.m. Wednesday (9 p.m. Tuesday, EST).

Stop Red Attacks

U.S. 8th Army Headquarters, Korea, Nov. 13 (AP) — United Nations troops stopped a series of coordinated Red attacks today along the muddy east coast of Korea.

The Reds attacked along a three-mile front in the Kosong sector. The attacks began before midnight. Shouting Reds kept coming through the darkness until 5 a.m. By 7:10 a.m., the Eighth army said, the last Communist soldier had been driven back to his own lines.

The Kosong sector is 45 miles north of the 38th parallel, and the northernmost point of the front.

It was the only action, aside from patrol clashes, reported in the Eighth army's evening communique.

KITCHENETTES TO ENTERTAIN MT. ALTO VETS

Final arrangements for entertaining veterans at the Mount Alto sanatorium were made at a meeting of the Biglerville Kitchenettes Monday evening in the Biglerville auditorium. The Kitchenettes will go to the hospital Sunday afternoon, December 2.

It was voted to participate, as a non-competing group, in the Biglerville Christmas parade on December 7. Mrs. Louella Doolittle and Mrs. Clara Stock were named to head a committee to send homemade candy to Biglerville men and women in the armed services. Families will be asked to cooperate by furnishing the addresses.

A gift suitable for use in their missionary work in Japan will also be sent to Mr. and Mrs. Edwin Wentz, now in Japan. Mr. and Mrs. Wentz made the banner carried by the Kitchenettes in parades.

The report of the nominating committee, composed of Mrs. Catherine Phillips, Mrs. Anna Osborn and Miss Jean Thomas, was submitted. Officers will be elected at the December meeting.

It was decided to hold the January meeting in the form of an installation service and New Year's party, and \$1 gifts will be exchanged.

New members of the Kitchenettes are Mrs. Catherine Craybill, Miss Betty Lauver and Miss Thelma Noel.

GIVE MANSE TO COUNTY CHURCH

Mr. and Mrs. Frank L. Cordier, Baltimore, former members of the Lower Marsh Creek Presbyterian church, have given their former residence near Knoxlyn Mills to the church for use as a manse.

The pastor, the Rev. Harry S. Ecker, East Lincoln avenue, and Mrs. Ecker will move there this week.

The property, which is within a mile and a half of the church, contains a dwelling house and about 10 acres of land. It is located on Gettysburg R. 2 a short distance west of Knoxlyn on the road leading to Orrtanna. It formerly was owned by Dr. and Mrs. Walter H. Danforth and later by Robert Hamilton.

The Cordiers lived there until several months ago when they moved to near Baltimore. Mr. Cordier is employed in that city.

Autumnal garlands of brown, yellow and orange flowers, interwoven with gilded leaves, set a seasonal atmosphere for a party given by the Independent Men of Gettysburg college Friday evening in Weidensall hall on the campus. Independent Girls and sorority girls were also present. Guests of honor were Mr. and Mrs. Charles Raith. Mr. Raith is a political science instructor at the college.

The feature of the evening was a "Jack Horner Pie" which formed a centerpiece for the refreshment table. It consisted of a large bowl of flowers with ribbon streamers attached. At the end of each ribbon was a tag on which was written a fortune and a lucky number. There was a door prize.

Following a scavenger hunt, games were played. Sandwiches, apples, candy, coffee and cider were served to the guests. Dancing closed the evening's entertainment.

The next party will be held early in December.

BULLETINS

Paris, Nov. 13 (AP)—The Soviet Union today ran into a series of rebuffs in the United Nations General Assembly. The Assembly refused to consider giving China's seat to the Peiping Communists, agreed to take up a Western plan designed as a first step in reuniting Germany and decided to consider a Yugoslav complaint of hostile Soviet actions.

Hot Springs, Ark., Nov. 13 (AP)—Gov. James F. Byrnes of South Carolina declared today the south owes its loyalty to no political party or candidate in next year's presidential election. The governor told a news conference that he is opposed to the renomination of President Truman and would support either Sen. Richard Russell (D-Ga.) or Sen. Harry Byrd (D-Va.) for the presidency.

GOP Women Have Solution On Taxes

Harrisburg, Nov. 13 (AP)—The Pennsylvania Council of Republican Women called today for appointment of a "non-partisan tax commission" to solve the commonwealth's tax deadlock.

Without taking a stand on candidates for the Republican Presidential nomination, the council also adopted a resolution declaring "the number one national issue is the election of a Republican President in 1952; everything else is of minor importance."

U. S. Senator Robert A. Taft, the only avoided candidate for the GOP Presidential nomination, will address the convention tonight. He is expected to arrive in Harrisburg late in the afternoon.

FARMER GROUP ADDS MEMBERS

Twenty-two new members were secured by the Adams County Farmers' association during the first week of its current membership drive, according to reports made by team captains Monday evening at a "check-up" meeting held in the Adams Electric offices, rear of North Stratton street.

Good weather, which lent itself to fruit harvesting and work with corn, prevented a majority of the membership committee from beginning its rounds during the first week of the drive, according to Monday's report.

Paul Lerew, president of the county farmers' group, set November 27 as the date for the next report by team captains on the activities of their membership drive teams. That meeting will also be held at the Adams Electric offices.

Willard Wagner, Harrisburg, regional representative from the Pennsylvania Farmers' Association, outlined additional details of the county and state associations which are affiliated with the National Farm Bureau association, largest farmers' organization in the country.

The 20 team captains reported that those farmers visited so far seemed to welcome the idea of an organization of all types of farmers throughout the county. President Lerew stressed the point that the Farmers' association of the county will be a family group, with women's and children's activities as well as programs and activities for the men.

SPARTANS BACK ON TOP AGAIN IN GRID POLL

By RALPH RODEN

New York, Nov. 13 (AP)—Michigan State, back on top in the Associated Press' football poll, may be hard to dislodge from its position as the No. 1 team in the nation.

The spectacular Spartans take on Indiana Saturday and close out their season the following week against Colorado. Both games should prove easy for the infant members of the Big Ten.

Tennessee, which dropped to second after a three-week reign at the top, has three toughies barring its way to a perfect season. The Vols take on Mississippi, Kentucky and Vanderbilt.

Michigan State, leader the first two weeks, vaulted from fifth place this week after drawing 55 of 158 first-place votes and 1,316 points from sportswriters and sportscasters.

Illini Third

Tennessee gained 42 first and 1,155 points to nose out Illinois for second. The Illini, Big Ten leaders, finished third with 20 firsts and 1,145 points. The three place-setters are riding seven-game winning streaks.

Three other unbeaten and untied teams followed the top three. Stanford, with eight victories, came in fourth with 951 points. Maryland, boasting seven victories, placed fifth with 927 points and Princeton, also unbeaten in seven outings, was sixth with 793 points. Rounding out the top ten are: Georgia Tech, Wisconsin, Kentucky and Baylor in that order.

Football Fracas Is Being Investigated

Hazleton, Nov. 13 (AP)—An investigation of the fracas in which five Pottsville high school band members were injured following a football game with Hazleton high last Friday night is scheduled to get underway today.

Originally it was charged Hazleton city and fire police were involved in the assault on the band members, some of whom were seriously injured. This was denied, however, in statements made public last night, by Pottsville authorities who have been conducting a separate probe.

Pottsville investigators were told by the driver of the school bus and other witnesses that the assault was made by unidentified spectators whom they described as above high school age.

The statements placed the scene of the attack near the bus parked inside the stadium and said it occurred after most of the 4,000 spectators had left the game. Previous reports had placed the melee in the vicinity of the goal posts.

Sports Roundup

By HUGH FULLERTON, JR.

New York, Nov. 13 (AP)—There's a growing suspicion that the football Giants played a game Sunday for the Cleveland scouts—and 21,000 customers. . . . They switched back to the "T" formation from Steve Owen's pet "A," and they stayed in it all afternoon, running fairly simple plays and not throwing the ball much. . . . The only trick they pulled out was when they went into a double-wing "T" and sent Chuck Conerly right up the middle. . . .

The Redskins' lack of speed made it easy, of course. They couldn't move laterally to stop the wide runs and the Giants usually had two men under Sammy Baugh's passes—one to cover the receiver and one to intercept. . . . The scouts probably had to tell Paul Brown to work on two defenses all week and then watch out for a surprise. . . . Owen usually has one for a big game, and there's no bigger one this season in this metropolis than Sunday's Giants-Browns tussle.

CORNY BUT CORRECT
When the Wake Forest football team was heading for its recent game with Clemson, it stopped for a work-out in Memorial Stadium at Charlotte, N. C. . . . It was raining and dismal and Coach Tom Rogers looked enviously from the muddy field to the huge Charlotte armory. . . . "There would be an ideal place for us to work out. We just want to lumber up," Tom suggested. . . . "Sorry, coach," came the answer. "They're having an antique show and there's a million dollars worth of antiques set around the floor."

Rogers grinned: "Never let it be said that I'd turn these bulls of mine loose in a china shop."

DOTS ALL, BROTHERS
A poll conducted by "Football Digest" shows 70 percent of the coaches from 160 institutions favor the platoon system, and a lot of them would like to go all the way on free substitution. . . . Eddie Sawyer, the Phillies' manager, disagrees with the selection of Roy Campanella as the National league's most valuable player. Says Eddie: "As long as no-body on a pennant-winner was picked, I would say that Stan Musial was the most valuable." . . . In five seasons under Red Drew's coaching, Alabama has lost only one football game in November. . . . Why do they start the season so early?

Washington, Nov. 13 (AP)—Iran's Premier Mohammed Mossadegh, heartened by promise of an international loan, arranged a final day of conferences today with American mediators who are trying to solve his country's oil dispute with Britain.

A breakdown of current talks by nightfall appeared possible unless Iran or Britain backed down.

BUCKNELL ACE HOLDS TO GRID SCORING LEAD

Philadelphia, Nov. 13 (AP)—Brad Myers of Bucknell leads the point-scoring field among Pennsylvania college football players with a total of 84, just two points ahead of West Chester's Fred Prender.

Myers scored a touchdown in the Colgate game on Saturday to pull ahead of Prender who was held to a single point after touchdown in the Bloomsburg game. Both Bucknell and West Chester play one more game this season.

The Associated Press weekly survey shows Myers leading the state in touchdowns with 14. Prender has scored ten touchdowns and 22 extra points to bring his total to 82.

In third and fourth place, although neither boy scored points last week, were Burt Talmadge of Bucknell with 72 points and Ed Romanowski, 69, whose Scranton team was held scoreless by Muhlenberg.

Nine coeds from Gettysburg college were selected on three-all-star teams as the result of their play in a hockey tournament at Lebanon Valley college Saturday.

The undefeated Gettysburg team, which kept its identity during the contests, defeated Lock Haven, 1-0; Albright, 2-0, and the Lancaster Hockey club, 2-1.

Local coeds placed on the first team were: Sue Hunsberger, left inner; Faye Luckenbill, right inner; Joan Taylor, left half, and Carol Fuhrer, left fullback. The only second team selection was Barbara Aierstock, right fullback. On the third team were Barbara Hall, left wing; Carol Crook, center forward; Janice Gibson, right wing, and Louise Varney, goalie.

All nine girls will participate in the Mid-East sectional tournament at Batavia, N. Y., Saturday and Sunday. Those players who are named on the first and second team will participate in the national tournament at Wellesley, Mass., the following week-end.

The hockey team is coached by Miss Grace Kenny.

County Pupils To See Lincoln Relic
County Superintendent of Schools J. Floyd Slaybaugh today announced that the various schools of the county will be asked to send their pupils here, November 19, if it can be arranged, to view the display of the draft of the Gettysburg address to be brought here from the Library of Congress and to attend, if possible, the Dedication day services at the national cemetery on that date.

Jr. High Gridders To Meet Wildcats

The final local football game of the season will be played Wednesday evening at 7:30 o'clock when the Gettysburg Junior High gridders are host to Mechanicsburg on the high school field.

In closing their six-game season, Coach Rogers Herr's lads will be out for their third triumph.

To date the local outfit has a record of two wins, one tie and two setbacks.

TURNER READY FOR GAVILAN

Philadelphia, Nov. 13 (AP)—Gil Turner feels he has passed all the tests necessary for a fight with Welterweight Champion Kid Gavilan.

The 21-year-old Philadelphia won his 25th and most convincing triumph of an unbeaten career last night when he threw so many punches at Bernie (Big Duke) Docusen, the clever little Filipino decided discretion was the better part of valor and quit in his corner.

Docusen refused to come out for the seventh round. He told Ringside Physician Dr. W. G. B. Terry he had had enough. And in his Conviction Hall dressing room the New Orleans veteran said Turner was just too good for him.

"I had nothing left. Turner is everything they said he was. I wouldn't have believed one man could throw so many punches if I hadn't felt them."

Dr. Terry, who examined Docusen's cut, bleeding and closed left eye and his slashed right eye, said he probably would have let the fight go on, "but Docusen asked me to end it. I told the referee to give Turner the fight."

Turner, who weighed 146½ in stopping his 22nd opponent, has done everything asked of him. The powers who run the fight business told the rising young welter he had to beat some good punchers. So Gil stopped Charley Fusari and Ike Williams.

Then they said for him to beat a boxer. Last night he slaughtered one of the cleverest welterweight boxers in the business, the 24-year-old Docusen who almost won the 147-pound crown from Ray (Sugar) Robinson in the latter's prime.

ADOPT NEW PLAN

Christmas lighting and decorating fund, and the directors voted to donate \$50.

There was a discussion on re-ordering Gettysburg folders but no action was taken.

Charles B. Bender, president of the merchants' association and a director of the chamber, explained this year's decorating scheme. Decorations were purchased in York out of the profits of the sales days promoted by the association, he said. However, in order to complete the decorations, additional funds are needed, he added. The equipment purchased in York will be added to each year. "In five years' time, we expect to have a really big display," Mr. Bender said.

A number of large bells of plastic material, plaques of English choir boys, small cedar trees and a large 40-foot white pine in the center plot are to be included in this year's decorations. Mr. Bender said most of the display will be in Lincoln Square, but that the first blocks of the four intersecting streets will also be decorated.

Christmas lights will be turned on November 24, he said, according to present plans, and the Christmas parade sponsored by the retail merchants will be held December 10. Stores will begin remaining open evenings for the holiday season on that date. There will be prizes for floats and for individual entries in the parade.

Henry W. Garvin, president of the board of directors, presided at the meeting. Others present were Directors William Musser, John D. Teeter, Charles B. Bender, Calvin Chuck, N. A. Meligakes, A. E. Hutchison and Ralph Z. Oyler, and Mrs. Helen Snyder, secretary.

BUS PROBLEM

(Continued from Page 1)

Keefeauver had to haul them home—and in one instance had to follow a devious bus route, the only way the child knew, to find the youngster's home.

Difficulties of bus drivers in keeping track of 40 or 50 youngsters, particularly those who occasionally ride to school with parents or neighbors and do not always use the bus for the return, were discussed. Drivers should be notified, it was agreed, if pupils are riding only one way by bus on a school day but it is not always convenient to give that notice if the pupils live some distance from the bus stop.

The only conclusion the board could reach was that more cooperation from all concerned offers the only hope for a solution to the problem.

Tehran, Iran, Nov. 13 (AP)—Opposition leader Jamal Imami told Parliament today the Communists are secretly preparing plans to seize Azerbaijan, Iran's northwest province. Imami accused the government of Premier Mohammed Mossadegh of supporting and encouraging the activities of the outlawed Communist Tudeh party by failing to crack down on it.

The defeat marked the seventh against three wins for the Thunderbolts.

Coach Clay Evans' outfit went out in front in the first quarter 6-0 after marching 75 yards for a score, Charley Hall finally cracking through the line from the 2-yard stripe.

The Bolts held doggedly to their lead until the final quarter when Dallastown put on two long drives for its scores and victory.

Paul Snyder scampered for the tying touchdown early in the last frame to feature a 53-yard drive.

Dallastown marched 65 yards for its winning tally, Jerry Kern banging over from the 4.

authorized to buy up to three new machines for the home economics department.

A gas conversion unit for heating water at the high school was ordered for \$375. A new gas heater would have cost \$480 plus installation. The conversion burner will replace a coal-burning unit.

An instructor's desk with an acid proof top and built-in sink was ordered for the agricultural department from Roberts and Meek at a cost of \$315 delivered. The board also ordered 16 wood-working vises, a sander and a drill press for the same department.

New Auditorium Periled

Dr. Keefeauver said that unless there was objection from the board night classes for farmers in this area will again be offered by the agriculture shop department at the school with the course expected to require only heat, light and tools from the school district.

The possibility that steel shortages may make it impossible to include a new auditorium in the next addition to the high school was reported by Dr. Wickerham but plans will go ahead for classroom additions. The auditorium for the proposed north wing on the high school will be continued in the plans if at all possible, the board president said. The present auditorium falls short by about 400 of seating the present student body.

Dr. Wickerham also revealed that Vice President Ralph Guise, who is chairman of the planning committee; A. E. Hutchison, representing the Municipal Authority that financed the new addition to the high school; Dr. Keefeauver, the architect, the general contractor and subcontractors made an inspection of the cafeteria-shop addition with the result that the school authorities were assured that incomplete work and some unsatisfactory work "will be taken care of."

Re-organize in December

The joint board executive group made plans for the re-organization meeting of the joint school board on Monday, December 10, with individual boards to re-organize prior to that time.

The executive group approved bills totaling \$6,006 for payment on recommendation of the finance committee.

FIFTY YEARS AGO

Local Miscellany: The gossipers are working extra time in our town, at present.

Mr. and Mrs. Geo. W. Cook moved to Baltimore last Thursday. Mr. Cook will, however, continue his huckster route in this county.

Geo. W. Myers, F. M. Garlach, John Stevens, James Auman and George A. McClellan encamped at Jacob Haverstock's, along the Monocacy, for a two-days' hunt last week. In their short stay there, they bagged seven coons, two opossums, three rabbits, four birds and one skunk. They report coons as being plentiful but other game scarce.

A news stand will be opened by Maurice Fox in the Duncan building.

C. W. Stoner, Esq., has sold his property on High street to Wm. McSherry, Esq.

A rummage sale will be held in the vacant rooms next to Mr. Penrose Myers jewelry store all of next week. Everyone is asked to look through their garrets and closets, and contribute such things as they do not want, but which may be of use to someone else. Bric-a-brac, clothing, things ornamental, or of household use. Proceeds for the benefit of the M. E. parsonage debt.

It is reported that ground will soon be broken for the Baltimore, Westminster and Gettysburg Electric railroad.

Improvements: Peter Bruner has had a new pavement laid in front and north side of the Washington House.

John E. Hughes, proprietor of the City Hotel, has had large storm doors put up at the front entrance to the hotel.

Harry Oyler is putting an addition to his house on North Stratton street.

Hon. Wm. T. Zeigler has broken ground for his new building, north of G. & H. railroad.

Thaddeus Warren has converted the house recently owned by his father, the late Thomas A. Warren, on Chambersburg street, into a double house, the same is nearing completion and is quite an improvement.

Martin Winter is certainly to be complimented on the improvements made to the plot of ground along Washington and Water streets, owned by him. Both sides of the Tiber have been walled up and three bridges have been built across said stream.

Stocking Factory to Move: For some time the hosiery mill has been running on a limited scale, owing to the manager, G. W. Sheely's inability to secure a sufficient number of employees. The mill had orders enough on hand to employ 50 hands regularly, and, as we understand, would like to have continued the business here. The wages paid, we are told, were in accord with those paid in other places for similar work. We are sorry to lose this industry after exerting much energy to secure the same.

Bible Society's 55th Anniversary: The annual Union Bible Society was held Sunday evening in the Reformed church, this place. Rev. D. W. Woods, Jr., of the Presbyterian church, read the Scripture lesson. Rev. M. Coover, of Christ Lutheran church, invoked the divine blessing; the Rev. Dr. Barkley, of the Reformed church, read the treasurer's and secretary's report, and the Rev. A. R. Steck, of St. James Lutheran, preached the sermon. For nearly an hour Rev. Steck spoke in an interesting way of the work of the Bible Society and his remarks were listened to by a large congregation. The collection amounted to \$13.30.

Miss Agnes Barr, the librarian of the society, keeps at her store a full line of Testaments and Bibles, from five cents to twenty dollars.

Biglerville's New Industry: The apple evaporating plant at Biglerville has done a large business the past few weeks. More than 5,000 bushels of apples have been evaporated. Of this amount, Miss Saloma Morrell and Miss Clara Mowery, of Biglerville, pared and cored 502 bushels in five weeks.

Today's Talk

BY GEORGE MATTHEW ADAMS

FEAR THOUGHT

Some forty years ago a book was published by Horace Fletcher on "Happiness" in which he brought out the contrast between fear-thought and fore-thought. He said many wise and sensible things that are as true today as then. Looking over his book, that I long ago read, I came to this statement: "What humanity is suffering from is a restriction of affections, and an effusion of fears. People are afraid of being frank and therefore cultivate the sulks, suffer and become ill from the repression."

Fear is a natural thing, but it should not possess any of us. The fear habit can wreck any of us bringing on ills that never would have touched us otherwise. If only the fears of the world could be eliminated there would be no reason for great armaments, for no nation would be afraid of the other. There would be mutual respect.

Fear in this world is the great destroyer. It is the enemy of happiness and of success in life as well. The fearless have a plan of life and allow no one to divert them from their set purpose. They are interested only in constructive ideas. All fears are destructive.

Fear enters the mind when there is no faith and no confidence. There can be no harmony in the mind with fears within it. Only by casting them out can there be repose, peace and a hopeful attitude. All fears are negative. They have no place in a happy, healthy human being. Christ in His ministry was forever admonishing His followers to "fear not," under all circumstances.

It is only when we do away with all fears that we work and think constructively and have the faith and confidence to go ahead and overcome all obstacles in our path. Clear thinking is void of all fear. Freedom from fear could change the world! It has changed many a human being and placed him on solid ground. No heart can be troubled with all fear cast out.

Fear is a habit that is self-imposed, like many a habit that is not to our well-being. Why barter with it? Non-fear gives sparkle to the eye, spring to the step and ozone to the soul!

Tomorrow Mr. Adams will talk on the subject: "On Accepting."

FORTUNE HUNTER

He was on his way to fortune and he had no time to spare. 'Twas a glorious autumn morning; there was beauty everywhere.

But he had a few appointments—most important, one and all And he couldn't spend a minute on the glory of the fall.

He was on his way to millions! Well, say one or two or three.

And to get them and to keep them, after taxes, hard would be.

So, he toiled at home and office more intently than he should And forgot about the doctor who said rest would do him good.

One day the doctor told him:

"There is little I can do. You have earned yourself a fortune, and some stomach ulcers, too.

You have made a lot of money, but since health you cannot buy You will live on milk and crackers and take powders till you die."

NOVEMBER 26 NEW DATE FOR SANTA PARADE

Santa Claus will be ushered into Littlestown with a parade on Monday, November 26, as announced by Marvin P. Breighner, president of the Littlestown Chamber of Commerce. The affair was previously scheduled for Friday, November 30, but because of the Littlestown high school senior class play that evening, the date was changed. At this time the community Christmas decorations lights will be turned on. Santa will be escorted into town by the Littlestown high school band, and he will be stationed in the vacant storeroom adjoining Zerling's Hardware store, South Queen street. Santa will remain there for the rest of the evening to meet, talk with and treat the children of the community.

On Saturday, December 1, at 3 o'clock, a road opening ceremony will be held. The construction of North and South Queen streets will be completed at that time. A large parade is being planned in celebration of the event. The parade will consist of at least two out-of-town bands, the local high school band and the VFW Drum and Bugle corps. Local organizations will sponsor marching units and a convoy of antique cars will be featured in the line up. It is hoped that many floats and displays will be entered in the parade as cash awards of \$50, \$25 and \$15 will be offered for the floats, which will be judged. The Scouts, business places, local industries, social, civic, fraternal organizations and individuals are urged to enter displays and floats for the competition.

The business session was in charge of the president, Robert King. It was decided to attend the old-fashioned hymn sing and the dedication service of comfort bags at Mt. Joy Lutheran church, Gettysburg R. D., next Sunday evening. Instead of having the regular meeting on this Sunday. The group will meet at the church at 6:45 p.m. Sunday to go to Mt. Joy church.

"The Basic Needs of Man" was the subject of the sermon delivered by the Rev. Frank E. Reynolds at the Sunday morning worship service at Redeemer's church. An anthem "Raise the Glad Refrain" was sung by the Junior choir, accompanied by Miss Shirley Gobrecht, church organist. This was the first fall appearance of the Junior choir which sings one Sunday out of every month. The Sunday bulletins were given in memory of Mrs. W. A. Dutera by her grandchildren, Malva, Louise and Elmer Dutera. A special offering was received for the benefit of the National Youth Headquarters in celebration of "Dedicated Dollars Day" to raise funds for "Steeped for Peoples," a campaign to provide churches for the new housing developments in America.

TAFT WILL STAY OUT OF PA. FIGHT

Washington, Nov. 13 (AP)—Supporters indicated today Senator Taft (R-Ohio) will keep clear of an impending battle for control of Pennsylvania's 70-vote delegation to next year's GOP presidential nominating convention.

Although Taft's backers believe he can gain some support among these delegates in his bid for top spot on the ticket, they said that unless plans are changed his name will not be entered in the state's April 22 presidential primary.

Senator Duff (R-Pa.) served notice yesterday that there is going to be "plenty of action in Pennsylvania at the proper time" in behalf of Gen. Dwight D. Eisenhower. He wouldn't say, however, whether the general's name will go in the primary, where it could be entered without any action on the part of the candidate.

Duff has been proclaiming that Eisenhower is a Republican and will be available for that party's nomination. However, Senator Edward Martin (R-Pa.) told reporters at a Harrisburg meeting also attended by Duff he doubts that Eisenhower will run.

"I don't think he will want to give up his job in Europe," Martin said. This apparently represents the

Elements Of 28th Sail For Europe

Norfolk, Va., Nov. 13 (AP)—Elements of the last of six American divisions assigned to the European army under Gen. Dwight D. Eisenhower are on their way today.

A transport left the Hampton Roads port of embarkation yesterday with several hundred of the 28th Infantry Division, former Pennsylvania National Guard outfit.

The troops went aboard shortly after they arrived by train from Camp Atterbury, Ind., where they were in training 14 months. Only a small group of relatives and soldiers was in hand.

Before they boarded their ship the soldiers paraded across the pier and stopped for a few minutes for coffee and doughnuts.

viewpoint of a faction headed by G. Mason Owlett, Republican National committeeman, and may also be the view of Gov. John S. Fine.

Fine was elected with Duff's help in a battle with the long-dominant state organization headed by former U.S. Senator Joseph R. Grundy. But Duff apparently is doubtful that the governor will go along with him in his draft-Eisenhower campaign. Duff is known to have told friends if Fine wants a fight over control of the delegation, he can have it.

Firemen Called To Two Fires Monday

Gettysburg firemen were called at 3:15 o'clock Monday afternoon for a grass fire along the tracks of the Reading railroad, on the east side of the Biglerville road near Shaffer's park.

An three trucks sped to the scene, they saw another grass fire burning on battlefield property adjacent to the Gettysburg college tennis courts. One truck was sent back to extinguish the second fire while the others put out the fire near Shaffer's park. There was no damage, firemen said.

CUB SCOUTERS GIVEN AWARDS, WORK REVIEWED

Approximately 125 Cub Scouts, member of the Cub Pack No. 84, their parents, guests and friends were present in the club house at the Littlestown Fish and Game farm, Monday evening, for promotion ceremonies, the reception of new Cub Scouts and the awarding of merit badges. The program began with the group singing of "America" with Mrs. Edwin W. Elder as song leader. The Rev. Frank E. Reynolds offered the invocation and introduced the guests, including Scoutmaster Edwin A. Wolfe, Senior Committeeman Wilbur A. Bankert, District Executive David Dickson. Also present as guests were members of the Cub Scout committee and Cub Scouts from the York Springs organizations.

Assistant Cubmaster Howard Myers led the new Cub Scouts in the recitation of the Scout law and promise, after which Mr. Dickson presented them with the Bobcat pins. The new Bobcats are Charles B. Mummert, Barry A. Fissel, Robert Forry, Gregory Maitland, Bruce W. Stair, John J. Way, II, Richard S. Long, Melvin I. Staub, Lawrence Snyder, Paul E. Furlow, Elmer H. Furlow and Bernard R. Weaver.

Parents Pin Badges Wolf badges were presented to Kenneth Knight, Robert Baschoar, Harry W. Stavely, III, Dean Reynolds, John Reynolds, Robert Nester and James Hymiller; Paul Hanlon received a bear badge and Wayne Miller and Gaylon Cornell received lion badges. In all cases where the parents were present, one of the parents pinned the award on his son.

Assistant Cubmaster Myers presented gold arrows to James Evans, Edwin W. Elder, III, Daniel Boose, Edward Knipple, Paul Snyder, Karl Bankert, Paul Bigelow, Wayne Miller, John Groft and Kenneth Knight and silver arrows to Daniel Boose, Paul Snyder, Karl Bankert and John Groft. One-year service stars were given by Mr. Myers to Dean Reynolds, Glen Sherman, Daniel Collins, Donald Collins, James Evans, Larry Unger, Douglas Knight, James Mummert, Fred Baschoar, Edwin W. Elder, III, Paul Hanlon, Edward Knipple and Daniel Boose.

Two-year service stars were given to Gaylon Cornell, Robert Nester, John Reynolds, Paul Snyder, Dean Shorb, Gary Maitland, Karl Bankert, Paul Bigelow and Kenneth Hollinger. Three-year service stars were received by Wayne Miller, John Groft, Robert Baschoar and Kenneth Knight and these four boys also received Cub Scout graduation certificates. They were received officially by Scoutmaster Wolfe as members of Boy Scout Troop No. 84.

Mothers Get Pins Wilbur A. Bankert presented a cubmaster's pin to L. Robert Crouse and an assistant cubmaster's pin to Howard Myers. Cubmaster Crouse gave a den mother's certificate of appreciation to Mrs. Robert H. Miller, who is leaving the group, and she was also presented with a gift from the cub pack organization. Cubmaster Crouse also presented den mother pins to Mrs. G. Richard Knipple, Mrs. E. Paul Bigelow, Mrs. Robert H. Miller, Mrs. Edwin W. Elder, II, Mrs. Beaven F. Halon, Mrs. John J. Way and Mrs. Wilson Stair.

The program included two songs, "Cub Scouting We Will Go" and "Little Pussy," by the cub scouts; a presentation speech by Mrs. E. Paul Bigelow and a summary of the past year's events by Mrs. Edwin W. Elder. The pack was reorganized in September, 1950, with four dens, and several new members in the adult advisory group. During October, the "Indian" theme was carried out with the making of Indian articles and a program with display for the parents. November's theme was radio and the boys visited WHVR in Hanover and gave their own version of

a radio entertainment program during the monthly pack meeting. A new den was formed in December and a minstrel show was presented. The boys also made Christmas gifts for their mothers in December. In January, when "Rivers of America" was the theme, the boys were busily engaged in carving boats of all descriptions, along with their study of the theme. The annual birthday dinner, in the form of a covered dish supper, was held during February and the boys also were taken on a Saturday morning hike by the den dads.

Take Train Ride In April the boys studied "Railroads" and the pack meeting was staged as a ride on a train with an appropriate program. Mrs. Hanlon also told the story of the "Golden Spike." April and May weekly meetings were also devoted to practice for the circus, and to making gifts for Mother's day. The Cub Scouts participated in the Memorial day parade when the den mothers wore their newly-purchased uniforms. A Cub circus was presented in June. During the summer, the Cub scouting activities continued with swimming classes and making of plaster molds of the Wolf, Bear and Lion heads, denoting the three ranks which a Cub Scout may hold.

One night was spent playing miniature golf in Midway and then the group constructed its own course on the local playground. A visit to the Gettysburg Country club and an overnight camping trip to McSherry's woods were also notable events of the summer. An after-school hike was taken to the same place early in September. An all-day trip to Baltimore was enjoyed on October 6, with chartered bus, box lunch, a trip to the zoo and a treat from the den pack treasury. A Halloween party was held in October also. The boys participated in paper drives to earn money.

Regular meetings of the Cub pack committee are held with the cubmaster, the den mothers and fathers in attendance, to discuss plans for the pack and decide upon more varied and interesting activities for the boys. Beaven Hanlon serves as treasurer for the scout committee and is also in charge of the records, presentation of awards and similar duties. Other den fathers are G. Richard Knipple, Robert H. Miller and E. Paul Bigelow. Mrs. John Way and Mrs. Wilson Stair have joined the group as den mothers and the services of Howard Myers was recently secured.

Refreshments were served at the close of the program by the den mothers and the evening's festivities concluded with the singing of "Good Night Parents" by the Cub Scouts. There will be a regular weekly den meeting in the State bank basement on Thursday evening at 7 o'clock and all new cubs are expected to meet together with former members of the pack.

Firm "Astonished" At OPS Charges

Philadelphia, Nov. 13 (AP)—One of the largest independent meat packing concerns in the Philadelphia area is "astonished at being singled out" by the Office of Price Stabilization for prosecution of alleged meat regulation violations. Samuel Cross, president of Cross Brothers Meat Packers, Inc., stated yesterday his firm had not violated a single OPS rule "even in the infinitesimal cases" cited by the government.

The firm was accused of "tie-in" sales of beef in a criminal information filed Friday by the U. S. attorney's office. The government charged Cross with forcing high-priced cuts of meat on customers along with lower-priced cuts. Cross's statement explained that to accommodate customers, the firm, and other wholesalers, have supplied retailers with various cuts instead of selling only whole sides or quarters.

RUMOR SELLS CLIPPERS

Detroit, Nov. 13 (AP)—A rumored rise in haircut costs—from \$1.25 to \$1.50—has virtually cleaned Detroit stores of home-style hair clippers. Maybe it's just a coincidence, but one store also reported a shortage of head-size butter crocks.

he pointed out. After the meeting the Lions made an inspection tour of the new section of the building and remodeled sections of the older structure with Lions who are on the high school faculty serving as guides.

President Fred S. Faber presided with about 90 club members present. Riley Heckert, golf pro at the Gettysburg Country club, was received as a new member of the club.

It was announced that no meeting will be held next Monday but that the club will meet next November 26 at the Shetter House.

Monday was President Faber's birthday and the Lions sang "Happy Birthday" while he cut a birthday cake.

MAY CUT PRICE OF PORK, BEEF

Washington, Nov. 13 (AP) — The American meat institute says the price of pork and some cuts of beef may dip soon as the result of increased marketings of hogs and beef cattle.

The institute is a private organization, representing meat interests.

It said in a statement recently that in Chicago the wholesale price for pork loins is down 17 per cent since mid-summer, skinned hams 16 per cent and cured bacon 29 per cent. It said a near-record pig crop is expected to come to market and further reduce pork prices. A seasonal increase in beef marketings, the institute said, is expected to reduce some beef prices. It said lean cuts for braising have already dropped several cents below wholesale ceiling prices in some cities.

Office of Price Stabilization regulations require dealers to pass along to the consumer reductions in wholesale pork prices. Beef dealers, however, need not do so, since they operate under dollar-and-cents ceilings.

Meanwhile, OPS officials said beef slaughterers will probably be required to set aside for the armed forces in December any beef killed above 100 per cent of their volume in November, 1950.

Littlestown

Littlestown — Approximately 650 roast turkey suppers were served by the members of the Woman's Community club of Littlestown and vicinity in the cafeteria of the Littlestown high school, Maple avenue, Saturday afternoon and evening. A food sale and bazaar was carried on simultaneously with the dinner. The affair was held for the benefit of the high school band uniform fund, which was originated by the club with a turkey dinner served last year. A complete financial report will follow. During the serving, a corn guessing game was held and three prizes were awarded to the following winners: Mrs. Carroll E. Arter, Richard Wintrod and Mrs. H. Dewey Strevig.

At the Sunday morning worship service at Centenary Methodist

church the pastor, the Rev. Harvey B. Simons, announced that the annual Home-coming celebration will be held this Sunday, The Rev. Dr. W. Edward Watkins, superintendent of the Harrisburg district of Methodist churches, will be the guest for the 10:30 a.m. service. A musical program will be presented in the afternoon at 2 o'clock with William Schmucker, Washington, D. C., as the leader. Sacred music will be offered by a woman's quartet from Messiah college at Grantham.

Mrs. Myrtle Waltman, Maple avenue, won the drawing at the first Appreciation Day program on Saturday evening. Mrs. Alice Shewalter, South Queen street, received the second award, a merchandise certificate worth \$21, redeemable at W. H. Dern's.

The November meeting of the Littlestown Joint school board will be held this evening. The executive board will meet at 7:30 o'clock in the office of the supervising principal, Paul E. King. The meetings of the Joint board and the individual boards will follow.

Mrs. Francis Mummert, near town, will be hostess to the Ever Willing Sunday school class of St. John's Lutheran church for the regular monthly meeting this evening at 7:30 o'clock.

The semi-monthly meeting of the Mason and Dixon Memorial Post

No. 6954, Veterans of Foreign Wars, will be held this evening, 7:30 p.m., at the post home, West King street.

The November meeting of Group B, Young Women's Missionary society of St. Paul's Lutheran church, will be held this evening, 7:30 o'clock, at the church parsonage with Mrs. David S. Kammerer, West King street, as hostess.

Funeral services were conducted at 2 o'clock on Sunday afternoon for Mrs. Laura A. Reinaman, 77, widow of Bernie A. Reinaman, who died on Thursday, 6:25 p.m., at the home of her son-in-law and daughter, Mr. and Mrs. Mervin J. Harner, Littlestown R. 1, following two years of failing health. Last rites were conducted at the J. W. Little and Son funeral home, Littlestown, in charge of the Rev. Melvin A. Jacobs, pastor of Pine Creek Church of the Brethren, near Taneytown. Interment was in the Lutheran cemetery, Taneytown. Serving as pallbearers were Laverne Harner, Clyde Harner, David Reinaman, David Campbell, Robert Reinaman and Bernie Reinaman.

Harrisburg, Nov. 13 (AP) — The entire 67-mile western extension of the Pennsylvania turnpike to the Ohio line will be opened for an official preview on Nov. 26. Jerry Gilbert, assistant to Thomas J. Evans,

chairman of the Pennsylvania Turnpike commission, disclosed the date, but emphasized that the new link will not be opened to public traffic until early in December.

Only in 1948 and 1949 was production larger. The department said that by the end of October, winter wheat seeding was nearly completed in most areas, although wet weather in eastern parts of Washington and Oregon and in Minnesota, and dry weather in parts of the Atlantic states, the south and southwest had retarded operations.

GOOD WHEAT CROP IS SEEN

Washington, Nov. 13 (AP) — Next year's vital wheat crop—for which the government has set a goal of about 1,150,000,000 bushels—is getting off to a favorable start in most sections of the country.

This outlook was reported by the Agriculture department in a crop survey on Friday which said aggregate crop production this year will be the third largest of record despite declines in some crops during October.

Only in 1948 and 1949 was production larger.

The department said that by the end of October, winter wheat seeding was nearly completed in most areas, although wet weather in eastern parts of Washington and Oregon and in Minnesota, and dry weather in parts of the Atlantic states, the south and southwest had retarded operations.

and rye were said to show good stands.

This year's corn crop is now estimated at 3,088,000,000 bushels about 17,000,000 less than a month earlier. It compares with 3,131,000,000 bushels produced last year and 2,980,000,000 for the 10 year average.

PHOTO PAPER LOST IN BLAZE

Rochester, N. Y., Nov. 13 (AP) — Three fires within 48 hours—one of which still was burning Monday—hit Rochester over the week-end.

First and worst blaze was at an Eastman Kodak building where hun-

dreds of tons of photographic paper went up in smoke. The damage was estimated at \$2,000,000.

The Kodak fire started at 12:37 p.m. EST, Saturday. It still was burning Monday.

Wearily firemen who spent as long as 14 hours battling the blaze were called to a second general alarm last night when a fire broke out in an apartment building.

Later, another general alarm sent firemen to the Milner hotel in downtown Rochester.

There were no deaths or serious injuries at any of the fires.

Nearly 100 firemen were overcome by smoke at the three fires. Eighty were felled at the Kodak fire.

Kodak officials said they would start a probe into the cause of the paper stock fire.

DICTATOR OF ARGENTINA IS ELECTED AGAIN

Buenos Aires, Nov. 12 (AP) — A sweeping majority on Monday returned President Juan D. Peron to power as Argentina's ruler for another six years in an orderly, record-breaking election Sunday.

Leaders of the radical party—main opposition group — said Monday morning Peron's victory was assured on the basis of government figures and on the unofficial partial vote count.

With about one-third of the votes counted, the Interior Ministry announced early Monday that Peron had a total of 1,503,161 votes to 719,253 for Dr. Ricardo Balbin, Radical party candidate.

The pro-government press hailed Peron's victory as a vote of confidence by the people. It said his final majority will be bigger than in his first election in 1946, when he polled 55 percent.

Women Get Vote

Radical leaders declared that women, voting for the first time in an Argentine general election, were the main instrument in the Peron victory.

The opposition claimed there had been some irregularities in the vote counting. They said that, according to their own count, at least five and possibly seven of their candidates won congressional seats in the capital, which sends 30 deputies to Congress.

There were no other opposition complaints of irregularities, but Radical leaders reiterated charges that the Peronistas defrauded them during the pre-election campaign by not permitting the opposition equal campaigning facilities.

Reports by the Interior Ministry and the information under-secretariat gave no hint of the way the

congressional elections were going. They also omitted the number of votes cast for the Communists, Socialists, Conservatives and other minor parties.

6 Million Vote

A record number of voters—possibly 6,000,000—showed up at the polls, with women outnumbering the men. Forty-seven women, all Peronistas, are seeking election to the House of Deputies (Congress). Senora Eva Peron, ailing wife of the president, heads the powerful Peronista Women's party.

A five-inch rainfall in Buenos Aires delayed the reporting of results from outlying districts to the capital. The communications breakdown forced the electoral court in Buenos Aires province — largest in Argentina—to suspend vote counting until Thursday.

MEAT DEALER FACES CHARGE

Philadelphia, Nov. 13 (AP) — A criminal information has been filed against a firm termed one of the area's largest independent company.

Miners voted on Sunday to end the work stoppage and place a dispute over the sale price of company-built homes in the hands of union officials. The petticoat picket line set up at the Wheeling Steel Corp. subsidiary Saturday was to support women's demand for lower prices on the houses which workers' families have occupied for years. The coal company now is selling the houses.

A spokesman for real estate men handling the sale for the firm said 123 of the 145 houses already have been sold to present tenants at an average of \$4,000. That figure is under the appraisal value, he said.

Contending the 33-year-old houses are in poor condition, housewives also complained of down payments ranging from \$675 to \$950 which must be paid in 30 to 90 days.

meat slaughterers for violation of Office of Price Stabilization regulations.

Named in the information filed by U.S. Attorney Gerald A. Gleeson were the Cross Brothers Meat Packers, Inc., of Philadelphia, Bernard Cross, vice president, and Fred Schlosser, an employee.

Paul B. Hartenstein, OPS district director, said the action, first of its type in the 35-county Philadelphia OPS district, was brought for evasive pricing practices. He called the case one of the most serious offenses uncovered by the recent nation-wide investigation into meat industry practices.

Judge Guy K. Bard signed bench warrants for the accused men and set bail at \$500 each.

Special Assistant U.S. Attorney Erwin Lodge presented the case for the government and said it was founded on the firm's practice of forcing retailers to buy high priced cuts of meat to get low-priced cuts.

Reading Buying 40 More Diesels

Philadelphia, Nov. 13 (AP) — Orders for 40 more diesel electric locomotives have been placed by the Reading company at a cost of \$6,720,000. Joseph A. Fisher, president of the railroad, said on Sunday the locomotives will be placed in road switching and passenger service next year.

He broke down the order in this manner: 20 road switching units of 1,600 horsepower each, with American-Loomotive-General Electric companies, 10 of the same with Baldwin-Lima-Hamilton corporation and eight 1,500 h.p. road switching units and two 1,500 h.p. diesel passenger "A" units with electro-motive division of General Motors corporation.

AUTOMATIC KEY-TURN CONTROL
Just turn the ignition key past the "ON" position and the engine starts automatically. No stretching for a foot pedal, no reaching for a starter button.

AUTOMATIC LOCKER LID
Just turn the key, and the "Magic Lift" Deck Lid springs open automatically. A feather-touch then lifts it or lowers it. And the luggage compartment it covers is at least one suitcase bigger than you'll find in any other low-priced car.
